WTRCF NEWS:

Club Members,

There has been a lot going on at the club over the last couple months. The weather cooperated and the May fly-in turned out to be a great success. Around 20 pilots turned out for the event and we had several more guests than pilots. The raffle turned out to be a big success with the items the club purchased. Thanks to all of those who worked the fly-in or participated in the event. We have some upcoming events I wanted to make everyone aware of. First is the upcoming club Meeting August 13th. It was great to see a good turnout at the last meeting. I wish we could have that many members at all the club meetings. Several members were flying after the meeting. At the July meeting we had 14 club members and voted in two new members. So make sure if you haven't met Jack Fox or Ronald Odell you do so next time you see someone new. September 10th at the Alamo National Guard Army we are going to have a member only Static/Trainer air show. We did this last year and turned out to be a big success. So make sure you attend this year's event. This event is a great for letting people know about our club and showing everyone how much fun flying is. Also, Magic Valley is having there last fly-in of the year September 24th. We need to make sure as a club to support this event. There members come to our events so we need to do the same. The field is looking great this year thanks to a few dedicated members. We are looking for some help keeping the field up. We have three tractors now so mowing takes less than 90 minutes if we have all the tractors going.

The club mows the field Saturday mornings. We could really use some extra people to help keep the field looking great. So if you are interested in helping call Chris Colvett 731-501-6836 or Donny Paris 731-695-2588. Donny has helped out a great deal this year getting free-bees for the lawnmowers and sharpening the blades on the Jacobson. Thanks Donny for all your hard work. I also wanted to say Thanks to Dan Goodwin for getting us a new US Flag. The old Flag was badly worn and needed to be replaced. We have several events over the next couple months let make sure we support them! See you at the flying field.
